

Suggested Reading Books for Year 3

Here is a list of books that both the Year 3 staff and children have selected as great reading material for 7 and 8 year old children.

As a school, we always encourage children to look at and read a wide variety of 'real' books that are available in school, from book shops and from the library.

This list is intended to give some help to parents who might be wishing to provide their child with non-scheme books to extend their reading. Obviously, some of these books are trickier than others, at which point discretion and awareness of your child's reading will be required.
