

WELCOME TO

RECEPTION

CARPET AREA

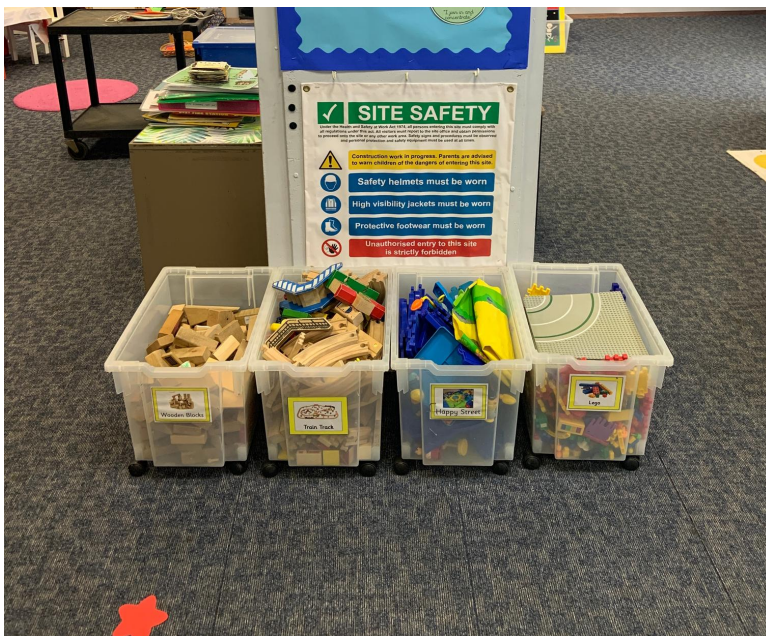

Our carpet has 30 colourful stars! This allows every child to sit in their own space and encourages them to look forward at the teaching area.

CREATIVE AREAS

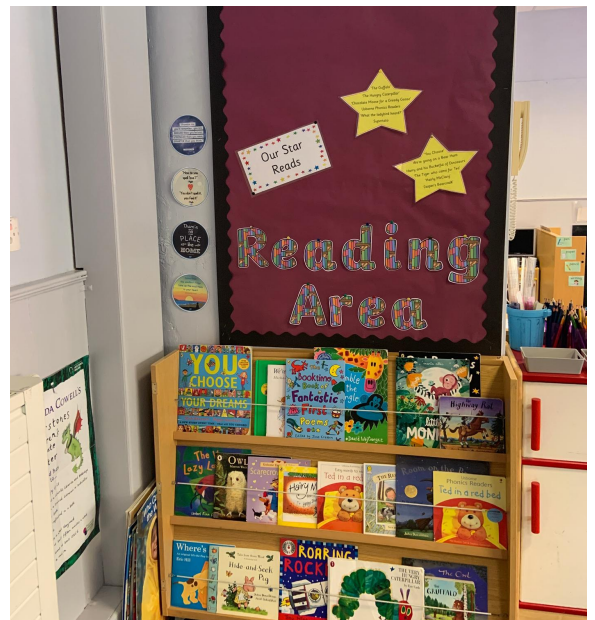

In our class we love to express our creativity! We do this through exploring materials and different ways to represent our ideas. The children have daily access to painting, junk modelling and construction.

LITERACY

In Reception it is vital to create a love of reading and writing. We have a variety of books around our room and encourage children to look at different types of books. Our writing area allows children to experiment with early mark making.

MATHS AREA

In Reception children learn the fundamentals of Mathematics. Children are encouraged to explore open ended activities to develop their number sense.

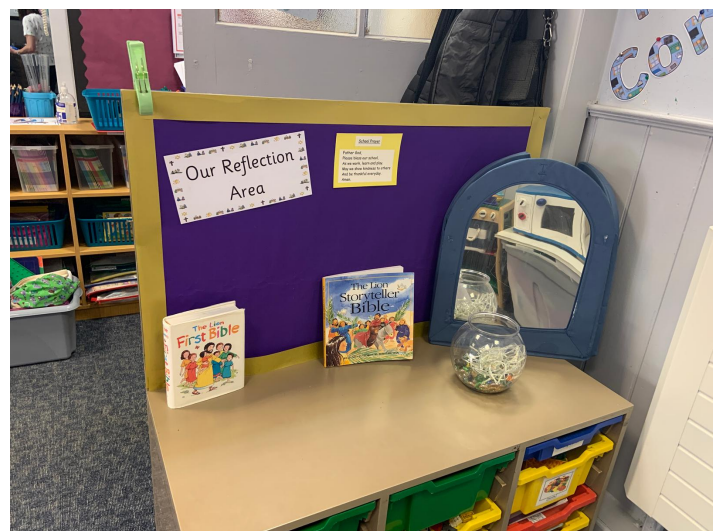

ROLE PLAY AREA

Children have incredible imaginations and it important that they are encouraged to use them! We change the theme of our role play are throughout the year, to meet the interests of the children.

REFLECT AND CALM

As a Church of England school our classroom has a Reflection Area which is then linked to our current RE topics. We also acknowledge that some children can find the classroom environment overwhelming, so we have created a 'Calm Corner' to allow for quiet time.

OUTDOOR AREA

We have our own outdoor area which the children can play in during Continuous Provision. We are continuing to develop the resources and have recently purchased a Mud Kitchen!
